**BNL Summary Table - Highlights on Active Homelessness in HRM**

**Week of 12-Dec-23**

**Highlights of the Week of December 12, 2023**    **Current Week**    Previous Week    Changes: +

BNL Total	2376	2359	17
Active Homeless	1082	1068	14
Active Chronic Homeless	770	765	5
Active Homeless Tri/Co Morbid	265	263	2

**Note:** +/-positive numbers identify that more people entered homelessness since the last report and -/negative numbers identify that fewer people are experiencing homelessness (become "inactive" or "housed")

**Note:** The impact of few affordable housing options - with only 3% of the rental options affordable to households in the lowest 20% of income distribution, lowest vacancy rate of 1% and higher levels of rental arrears - correlates with marked increases to the number of households experiencing homelessness in 2022 and onward.
